It has the detailed information about the universal remote you have purchased from general electric. Also, it has GE 4 device universal remote instructions to program & operate smart devices with the single remote. Along with this GE 4 device manual also have universal remote code list that works for most devices.GE 4 Device Universal Samsung Replacement Remote Control Instructions:If you are looking for a replacement remote for your Samsung device, then GE 4 device remote is the perfect option available for you. It is easy to setup and program for any of your entertainment devices. Programming methods along with step by step instructions for Samsung replacement remote control are mentioned below here.GE 4 Device Universal Remote Control Programming InstructionsThere are many remote programming methods available to program a universal GE remote. The Auto-code search methods are quite easier and handy when you don't have universal remote codes to program the replacement remote. It automatically searches for remote codes stored in the GE 4 device remote. Below we have provide detailed instructions to program GE 4 device universal remote using auto-code search methods. You can use any alternative programming methods also. Switch on the device (TV/DVD) you want to operate. Tap & hold the "SETUP" key till the indicator light turns off, then release the key.Click on & release the device key on the universal remote (DVD/TV/SAT). Indicator light blinks for once and then remains on.Aim the universal remote at the device. Now tap & release the "POWER" key for on the remote once. Wait for some time until the remote sends a batch of 10 universal codes to the device. the led light blink only once for each of the codes and remain on after sending all the 10 codes. Repeat the same process again & again till the device switch off.][While the device turns off, manually switch on the device.Point the remote control at the device, press & release the "VOL+" key until the device turns off. The universal remote will one by one resend the last 10 codes. Make sure to wait for approximately 3 seconds after each click of "VOL+" button to enable the device time to responds back.When the device switch off, click and release the same device button you press in the step 3 to save the code.Conclusion:This article is all about programming a GE universal remote 4 device to continue your home entertainment without hassle of having multiple remotes. Please provide your feedback and suggestions to improve this website and let us know if you want to update any other new code or programming instructions via comments.
